Certificate III in Early Childhood Education and Care

Developing tomorrow's educators

*This training is subsidised by the NSW Government

CHC30121 Certificate III in Early Childhood Education and Care

This qualification reflects the role of educators in early childhood education and care who work in regulated children's education and care services in Australia. They support children's wellbeing, and development in the context of an approved learning framework. Educators use a range of well-developed skills and knowledge using discretion and judgement when carrying out their work in the context of established policies and procedures. They may work independently or under the guidance of others, though in some contexts that guidance may not be on-site. Early childhood educators work in long day care centres, family day care, pre-schools or kindergartens.

To achieve this qualification, the individual must have completed a total of at least 160 hours of work in a regulated children's education and care service in Australia as detailed in the Assessment Requirements of units of competency.

The Certificate III in Early Childhood Education and Care may be completed through a Smart and Skilled Traineeship / School Based Traineeship / Entitlement pathway or a Fee for Service enrolment.
