## Entry to Diploma of Early Childhood Education and Care

Scan for  
more  
information**CHCSS00147****Entry to Diploma of Early Childhood Education and Care**

This skill set provides an alternative pathway into the CHC50125 Diploma of Early Childhood Education and Care qualification for people who already hold a relevant Certificate III or Diploma qualification but cannot demonstrate 12 months of cumulative, recent work experience.

Through the required units, learners build skills in observing children to inform practice, support children in developing meaningful connections with the natural environment, and build culturally safe, respectful learning environments through a deeper understanding of Aboriginal and Torres Strait Islander cultures. By completing this skill set, learners are equipped with practical, high-value skills that strengthen their work in early childhood education and care.

### Units of Competency (UOCs)

This skill set includes 3 units of competency

|           |                                                                                       |
|-----------|---------------------------------------------------------------------------------------|
